DEPARTMENT	TECHNICAL - RIGGING	POSITION	RIGGER

Job Summary:

We are seeking a highly skilled and experienced Theatrical Show Rigger to join our production team at Al Habtoor Theatre for the renowned show "La Perle." Fluent English is a must. The ideal candidate will be proficient in both rigging techniques and theatrical show operations. This role requires a strong understanding of safety protocols, experience with IRATA certification, and a background in live entertainment productions. The Rigger will play a crucial role in ensuring the safety and success of "La Perle" by expertly rigging equipment, scenery, and special effects.

Responsibilities:

1. Rigging of equipment, scenery, and special effects for "La Perle - Al Habtoor Theatre" according to production requirements and safety standards.
2. Conducting thorough safety inspections of rigging equipment before each performance.
3. Operating and maintaining rigging equipment such as hoists, motors, and harnesses.
4. Training on safe rigging practices specific to "Al Habtoor Theatre."
5. Adhering to all relevant regulations and guidelines, including those set forth by IRATA, for "Al Habtoor Theatre."
6. Maintaining accurate records of rigging inspections, maintenance, and incident reports for "La Perle - Al Habtoor Theatre."
7. Responding quickly and effectively to any rigging-related emergencies or malfunctions during performances."

Qualifications:

1. IRATA certification (Level 1 or higher) required.
2. Previous experience as a theatrical rigger in live entertainment productions.
3. Strong knowledge of rigging techniques, equipment, and safety procedures.
4. Excellent problem-solving skills and ability to work efficiently under pressure.
5. Exceptional attention to detail and commitment to upholding safety standards.
6. Effective communication and teamwork abilities.
7. Physical fitness and ability to perform rigging tasks at heights and in challenging environments.
8. Flexibility to work irregular hours, including evenings, weekends, and holidays, as required by production schedules.

Preferred Qualifications:

1. Additional certifications in rigging, safety, or technical theatre.
2. Experience working with automation systems and flying effects.
3. Familiarity with theatrical rigging software and CAD programs.
4. Knowledge of industry best practices and emerging technologies in theatrical rigging.
